ABOUT ME

I am a French engineering student at INSA Rouen Normandie. I want to specialize in artificial inteligence and data engineering.

STRENGTHS

Java Python C Matlab

GitLab SQL LaTex

HTML CSS JavaScript

Linux Windows MacOS

Office 365 LibreOffice

LANGUAGES

French: Native

English: C1 / TOEIC 985

German: B2

Mandarin: A1

INTEREST AND HOBBIES

Flute and Piccolo (12 years)

Volleyball Cheerleading
Dance Tennis Karate

EXPERIENCE AND VOLUNTEERING

Student council member as event manager

📅 2021 and 2022 📍 France

- Management of a budget of 700€
- Coordination of event for students

Receptionist in a shopping center | Marques Avenue

📅 07 2022 /2021 – 08 2022 /2021 📍 Aubergenville, France

- International and French customer reception
- sale and taxe refund

Investigator and Data Entry | TEST

📅 2019 📍 France

- Survey on public transport in Chartres.
- Data entry using Microsoft Excel software.

EDUCATION

4th year engineering student | INSA Rouen Normandie

📅 2019 – 2024 📍 France, Rouen

- 2 years in preparatory class
- 3 years specialized in computer science and information theory: machine learning, signal processing, object-oriented programming

Exchange semester | GIST

📅 02 2023 – 06 2023 📍 South Korea, Gwangju

- Data Engineering, Blockchains, Operating Systems et Basic Korean

PROJECTS

Machine Learning Competition [Python] | |

📅 01 2023

- fashion image classification
- Kaggle, Image processing, TensorFlow, SVM

Smart feeder | |

📅 09 2022 – 01 2032

- bird detection and data processing
- raspberry pi, bash, python
